

MEDICARE'S 30 DAY WINDOW OF OPPORTUNITY

We are happy that you chose Pacific Garden's Transitional Rehabilitation Center to continue your rehabilitation process and congratulations on being able to return back to home or to a lower level of care.

Did you know... if you return to us within 30 days, Medicare would still cover your stay?

As long as you have not exhausted your 100 Medicare days and have a need for Skilled Care. We all hope for the best and it is our goal to help you get back to home or lower level of care, but if something should happen this option is available to you.

If you feel you need to return to Pacific Gardens, please call
Shannae Mendoza (559) 251-8463
or Kristi Tavarez (559) 273-7400
to see if we have an opening in our Rehab Unit.
