

FOIL STAMP BARONET "BRIDGE" BACK TEMPLATES

1-COLOR IMPRINT

ARTWORK REQUIREMENTS

When this template file is opened in Adobe Creative Suites, the template information is "locked" on the "TEMPLATE" layer. When printing the final artwork file, the "TEMPLATE" layer is turned off, so **all artwork must be placed on the "ARTWORK" layer.**

- Acceptable vector art files: .pdf, .ai, .eps.
- Acceptable photo art files: .pdf, tif, .psd, .jpg, .eps, .bmp at minimum 1200dpi at imprint size
- Fonts must be converted to outlines/paths to avoid possible text modifications. Do not provide font files.
- Minimum type: 8pt
- Minimum line weight: 1pt (fine lines/details may not print well)
- No screens, gradients or placed images
- Unacceptable files: .gif, .png, Corel Draw .cdr, Microsoft Office files (Word .doc, PowerPoint .ppt, Publisher .pub etc.)
