

PRODUCT INFO SHEET

ASI 62050 • PPAI 113957

- Send art files to:
art@humphreyline.com
All files should be archived - stuffed or zipped (.sit / .zip). We accept art in Macintosh format, vector drawn in Adobe Illustrator™ (up to CS3) saved as .ai, .eps or .pdf file formats. Please convert all copy/text to outlines/vectors.
- All line weights should be no thinner than 0.75 pt.
- Please supply multiple colored art separated with “spot colors” or designate PMS colors within the job file.
- Set positive type no smaller than 7 point. Set reverse type no smaller than 9 point. Block sans serif type prints better than serif type styles. **Convert all type to vector** shapes (in Illustrator select type, go to Type menu, then Create Outlines).
- Supply raster (non-vector bitmap files) art at 800 dpi at imprint size (for one color labels). 4-color process photos should be 300 dpi. **Please be advised we cannot make adjustments for printability to non-vector files.** There may be fill-in or detail loss.
- No halftones or screening on one-color labels.
- No PMS matching on multi-color labels.
