

WE ARE FAMILY SERVING FAMILIES

POST-ACUTE REHABILITATION

Silver Hills Healthcare and Silver Ridge Healthcare Centers are pleased to announce the addition of our “Weekend Liaison” program. To better service the needs of the medical community, we now offer 7 days a week Nurse Liaisons to evaluate your patients needs.

REHAB SERVICES

Silver Hills Healthcare and Silver Ridge Healthcare Centers offer two levels of Post – Acute Rehab Services. Our Homeward Bound Rehab Program focus is on Post-Acute Rehabilitation. We offer rehabilitation services for Orthopedic, Neurological and Cardiopulmonary patients. We have a specialized CVA Recovery Program and CHF & COPD Pulmonary Rehab Program.

We use 3,400 sq. foot Therapy Gym at both facilities with state of the art ACP equipment and technology in your recovery. Our Board Certified Therapists provide both individual and group therapy sessions. We focus on Physical Therapy, Occupational Therapy Speech Therapy and Respiratory Therapy. Our Specialty Pulmonary Program is unique in the Las Vegas Valley. The amount of time each day in the Rehab Program is based on the individual assessment of each person. We are able to start at as few as 30 minutes and work up to three hours daily. Acute Rehab Programs may be able to offer a continued benefit after Post-Acute Rehab has provided the foundation of strengthening and endurance.

We are able to provide follow-up therapy services on an outpatient basis at both Silver Hills Healthcare and Silver

Ridge Healthcare Centers. We also provide skilled services for the Clinically Complex Medical Patient. The focus in this program includes IV Therapy, Wound Care, G-Tubes, Tracheotomy Care and more. The goal is to transition into our Homeward Bound Program when able. Our Post-Acute Rehabilitation Program professional staff members are here to assist you.

INSURANCE COVERAGE

We accept Medicare, VA Insurance, Workers Comp, Private Insurance contracts and Private Pay. We provide on-site professional staff to assist with any question you may have.

DISCHARGE PLANNING

Routine updates with our patients, families and professional staff are conducted to discuss established rehab goals, review care plans and discharge planning. We offer Home Evaluations conducted with our Therapists, Assisted Living Facilities Referrals, Group Home, Home Health Care, Durable Medical Equipment and training on glucose meters and oxygen.
